

# Geosteering & Formation Evaluation Workshop by NFES and NORCE

11-13 November 2024, Stavanger, Norway

## Historical Sola Strand Hotel

- **Plenary sessions • Panel Discussions •**
- **Sponsor stands • Dinner • Ice-breaker •**
- **Social activities •**

**Become a sponsor and market  
your company with us!**

**Submit  
abstract  
before  
September 1**

<https://nfes.org/2024/03/26/geosteering-workshop-2024.html>

## Topics:

1. Advancement in UDAR Technology and Interpretation
2. Workflows for no-UDAR geosteering and new-energy low-cost operations
3. Optimization and Decision-Making in Geosteering
4. Advances in Formation Evaluation for Reduction of Subsurface Uncertainty
5. Post-job part of geosteering workflows. How to utilize the acquired data?

Panel discussion: **Where is the geosteering going in the next 10 years?**

## Organizers and Technical Committee

### Organizing committee:

**Sergey Alyaev** (NORCE, VP Academia, NFES) [saly@norceresearch.no](mailto:saly@norceresearch.no)  
**Nazanin Jahani** (NORCE) [naja@norceresearch.no](mailto:naja@norceresearch.no)
